## Only Expansion

**Duncan Speakman**  
Kaleider Studios & Exeter City Centre  
Fri 2-8pm • Sat 2-5pm  
Drop in between these times,  
the walk lasts around 40 mins

As sea levels rise and wildfires burn, Only Expansion remixes the sound of the city around you to experience sonically how your own life might change in the future. A beautifully made guidebook prompts you to explore the city, choosing your own route, while headphones with customised electronics capture and manipulate the sounds around you.

Only Expansion was commissioned by University of Exeter, Arts and Culture and Kaleider, with support from Lydgalleriet Bergen, Theatre in The Mill Bradford, and Arts Council National Lottery Project Grants.

Our Dancing Shadows uses the latest VR technology to enable people to collaborate in the same virtual world at once, untethered and outside. You can choose to watch the dancers and/or be a dancer yourself. If you choose to dance, you'll take to the stage wearing a VR headset. Come at the show times to see the dancing. Each show lasts about 10 minutes. If you want to be a dancer, please turn up 30 minutes before a show start time. (VR participants must be 14+).

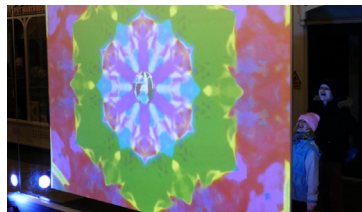

Our Dancing Shadows was commissioned by Watershed for The University of Bristol's 5G Layered Realities Weekend.
